- ◆ I am a Christian who is pro-life, pro-2nd Amendment, pro-free market, pro-parents rights, and pro-homeschool.
- ◆ I am anti-big government, socialized healthcare, and higher taxes.
- ◆ I believe illegal immigration laws need to be enforced by all law enforcement agencies across Texas, with deportation and more serious punishment as needed.
- ◆ Texas must stand as a sovereign state as guaranteed by the Ninth and Tenth Amendments of the US Constitution.
- ◆ Complete transparency is mandatory for a truly representative government. To this end, I will continue with my weekly radio shows should I get elected.
- ◆ I will fight to nullify all unconstitutional laws and policies coming from the Federal Government.
- ◆ I will fight to reinstate a Constitutionally compliant government in Austin and to restore the vision our Founding Fathers had for Texas and the United States.
- ◆ Land ownership is the cornerstone to a free society and to this end, I will fight to eliminate Property Taxes in this great State of Texas.
- ◆ Our children are our future. I will fight to raise the quality of Education and pay rate for those entrusted with the education of our children.
